

## **Azmi S. Aboul-Hoda**

CEO

EMergy Consultancy

### **Profile**

Azmi S. Aboulhoda leads EMergy Consultancy; a privately held corporation specialized in the built environment field with focus on energy and sustainability, measurement and verification of energy optimization projects, enhancing and troubleshooting building performance, design of special solutions in the built environment industry, outdoor comfort design and modeling, commissioning process, and environmental services. In addition, Azmi is an Adjunct Professor in the Architectural Engineering School at Heriot-Watt University Dubai. He is also an active member of ASHRAE and several other local and international organizations, with more than 25 years' experience in the built environment field in international and multinational companies.

Azmi holds a Bachelor's Degree of Mechanical Engineering (1998) and a Graduate Professional Degree in Green Technologies (2017) both from the American University of Beirut. He is certified by the Association of Energy Engineers as Energy Manager (CEM), Measurement and Verification Professional (CMVP), and Building Commissioning Professional (CBCP). He is also certified by ASHRAE as Building Energy Assessment Professional (BEAP), HVAC Designer (CHD), and Building Commissioning Professional (BCxP).
